As Florida's school districts continue to be challenged by shrinking budgets and reduced resources, the value FERMA offers is more important than ever. Where else, but in their own state, can school risk, benefit, safety and insurance managers gather with their peers to obtain the latest training and relevant information critical to their success, but with FERMA. Your continued support and sponsorship will add to the quality of our program, speakers and materials.

Please feel free to contact me if you have any questions about the conference. If you have any questions regarding sponsorship please contact Selina Ohlson at 352-955-2190 ext 103. Again, thank you for your continued willingness to support the Florida Education Risk Management Association (FERMA) and making this another successful conference.

Cordially,
Lynn Peterson
